

IF YOU CAN DESIGN IT, WE CAN DELIVER IT.

# Rockfon Eclipse<sup>®</sup> Customised

Bring personality, style, and acoustic excellence to your interiors with custom designed wall and ceiling islands. Available in any colour and shape and manufactured to Rockfon's high standards, they don't just transform acoustics, they allow you to create flexible spaces where people can think, create or work without unwanted noise.

## Acoustics

Class A sound absorption

## Design

- Custom design in any shape, size or colour to suit your building design, aesthetic or client's brand.
- Can be used as a platform to anchor lighting
- Quick and easy to install
